The provider of the Value Protect plan is Nation Motor Club, LLC, located at 5600 Broken Sound Blvd NW, Boca Raton, FL 33487.

Value Protect is not available in CA and NY.

Over 16,000 car accidents occur every day in the United States. According to NADA, over 90% are NOT a total loss. ValueProtect is an innovative auto coverage that provides assurance to dealerships and owners that a vehicle (whether new or pre-owned) will retain more value upon trade-in, despite accidents along the way. On average, a collision can reduce a vehicle's value by up to 30%, or in some cases even higher. This coverage counters the reduction in the asset's value, by paying out upon trade-in.

ValueProtect is offered to all types of automotive consumer purchases, new, pre-owned, leased or financed automobiles. This unique program covers 'partial loss' depreciation due to a collision, whereas 'total loss' and GAP coverages help with the replacement costs and loan balance ramifications after a major incident. When combined with GAP insurance, ValueProtect provides the ultimate coverage for any vehicle.

Total Financial Package

Combining GAP and Value Protect provides one with a total financial protection package. Value Protect covers the diminished value caused by collisions that are not deemed a total loss. GAP will only provide protection in the event a total loss does take place.

How Value Protect Works	With Value Protect	Without Value Protect

The Perfect Solution

- Offers extra financial peace-of-mind for all types of losses when combined with GAP coverage.
- Ensures value retention of the asset for the long-term, despite damages.
- Eliminates haggling on the trade-in value and resale value of a vehicle after an accident.
- Protects asset value for at least three years, despite CARFAX and VIN search results.
- Provides down payment assistance for a replacement vehicle.
