

# Accessibility Statement

At NSD (Nation Safe Drivers), we are committed to ensuring our website is accessible to all users including individuals with disabilities. We strive to provide an inclusive and user-friendly experience, and we continuously work to improve the accessibility of our website.

## Standards and Guidelines

We aim to meet or exceed the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA standards, as published by the World Wide Web Consortium (W3C). These guidelines are intended to make web content more accessible to a wider range of individuals with disabilities, including those with visual, auditory, motor, and cognitive impairments.

To help ensure accessibility, our website includes:

1. Elements with button functionality tagged for assistive technology
2. Buttons are not empty
3. Links are not empty
4. Links that open in new tabs/windows are tagged for assistive technology
5. Every page includes a single H1 title
6. Titles are not empty
7. Titles have a consistent hierarchy
8. Keyboard focus have a noticeable outline
9. Every page includes hidden links that allow skipping blocks
10. Menus are tagged for assistive technology
11. Menu dropdowns are tagged for assistive technology
12. Dropdown menus expand/collapse state are represented in the code
13. Objects and embedded text of images are described for assistive technology
14. Non-functional icons/spacers are excluded from assistive technology
15. Form fields are properly labeled
16. Incorrect use of aria-described by/labelled by
17. The HEAD element includes a title element with the name of the page

18. The HTML element includes a proper “lang” attribute
19. Meta viewport allows display scaling of at least 200%
20. Page landmarks are tagged and described for assistive technology
21. Font sizes are large enough to be readable
22. Letter spacing is wide enough to be readable
23. Next and previous buttons are labeled accordingly
24. Iframe elements are labeled or titled

### **Standard and Guidelines**

We aim to meet or exceed the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, as published by the World Wide Web Consortium (W3C). These guidelines are intended to make web content more accessible to a wider range of people with disabilities, including those with visual, auditory, motor, and cognitive impairments.

### **Ongoing Improvements**

We are continually reviewing and enhancing our website’s accessibility features. As part of this effort, we conduct regular audits and testing to identify any barriers and work to resolve them. We welcome feedback from users to help us improve our website further.

### **Contact Us**
